

ANHYDROUS AMMONIA SAFETY TRAINING

Wednesday November 28, 2018–6:00-9:00 pm

Treynor Fire Department, Treynor Iowa

Anhydrous ammonia safety training and formal education credit is offered free of charge to firefighters and EMS personnel.

Dan Neenan from the National Education Center for Agricultural Safety (NECAS) will demonstrate safety practices using a training simulator and discuss:

- Construction features of an anhydrous ammonia nurse tank
- Nurse tank valves and shutoffs
- Hazards associated with nurse tank ruptures
- ICS (Incident Command System) principle on a large scale event
- Choosing correct PPE (Personal Protective Equipment)
- Describing and treating, medical response to an anhydrous burn

FULL GEAR WITH SCBA IS REQUIRED FOR TRAINING

Dinner will be provided.

This training is offered free of charge but registration is required.

To Register or for more information, call Ashlee at NECAS - 888-844-6322
